Wandering Wok Tours ... discover the flavours of Asia in your own backyard!

Chinatown Discovery Tour

The Chinatown Discovery Tour covers all types of Asian food, from intriguing ingredients like sea cucumbers, chicken feet, fish maw and pig intestines to delicacies

such as abalone, dried scallops and where to get the best barbecued duck. The tour takes you through the unofficial Chinatown section of Northbridge, Western Australia, where you will discover the huge range of Asian products available in Perth and Northbridge.

We start our tour in the morning outside Lucky Import and Export Co, where we will spend an hour wandering through this vibrant store full of foods from all around Asia. As we leave the store, having sampled something a “bit different” we make our way down to William Street. Most people have driven along this street through the heart of Chinatown, but have not stopped to look and shop along the way. Take the break and immerse yourself in the amazing variety of Asian produce shops

along this street. Along the way, Pauline points out various products and discusses how to use them in your home. You will come away feeling exhilarated, knowing that you have the availability of all these products right on your doorstep!

As the tour winds down Brisbane Street to William Street, Pauline leads you to the best shops for the freshest meat, fish and greens and also shows you where to buy your spices, lentils and rice.

The tour concludes with the group sitting down to enjoy a sumptuous Chinese lunch. This may be dim sum or an la carte meal depending on the size of the group. Requests are also available.

How To Book

Fill out the interactive booking form and submit to us online or just call us direct on 9204 1001 or 0417 091 343
